FFEM安全・環境・品質方針

富士フイルムエレクトロニクスマテリアルズは、安全・安心で魅力ある製品・サービスの創造を通じて顧客満足と信頼を獲得し、社会・環境と調和・共存した「世界最高の品質」を実現いたします。

1. 私たちは、技術・研究開発、生産、物流、販売など事業活動のあらゆる段階において、安全・環境・品質に関する顧客と社会の要求を満たすことが、企業の社会的存在と事業活動の基本であるとの信念に基づき、IMS(統合マネジメントシステム)の継続的改善によって、その有効性を高めていきます。
(安全・環境・品質に関する指針)
2. 私たちは、「社員が健康で生き生きと働く活気溢れる職場」「地域社会から信頼される企業風土の形成」を目指し、リスクを排除した作業の徹底を通じて安全文化を創造し、無事故・無災害を達成します。
(安全に関する指針)
3. 私たちは、製品・サービスを開発し市場に提供するに当たり、社会と顧客の要求にこたえる最高品質と原料・半製品・製品の安全保証に万全を期します。
(安全・品質に関する指針)
4. 私たちは、製品の開発から廃棄に至るまでの製品の全生涯を通じて、資源の有効活用と化学物質の適正な管理による環境負荷の削減・低減に向けた取り組みを積極的に推進します。
(環境に関する指針)
5. 私たちは以上の実施に当たり、労働安全衛生に関する法令と廃棄物・化学物質・輸出入に関する関係法規則の遵守は言うまでもなく、常識や倫理に照らして正しい行動を行います。
(コンプライアンス)

FFEM Safety, Environment, Quality Policy

We, FUJIFILM Electronic Materials, aim to attain “The Highest Corporate Quality in the World” that brings harmony and coexistence in society and environment by endeavoring to secure a high level of customer satisfaction and confidence through the creation of products and services that deliver safety, reliability and are attractive to its customers.

1. We will enhance its effectiveness of IMS (“Integrated Management System”) through its constant improvement based on our firm belief that, to fulfill the needs of our customers and society in safety, ecology and quality is the fundamental corporate activity as well as responsibility to be pursued through every process of operations in Technology, Research & Development, Manufacturing, Distribution and Sale. (“Policy on Safety, Environment, and Quality”)
2. We aim to attain the “healthy and cheerful work environment for our employees” as well as the “reliable corporate atmosphere for our local community” by achieving an accident- and disaster-free factory by creating the culture of safety through pursuing risk-free operations. (“Policy on Safety”)
3. We will do our utmost efforts to attain the highest quality and secure guarantee for raw materials, semi-finished products and final products and to fulfill our customer needs through developing and providing our products and services to the market. (“Policy on Product Safety and Quality”)
4. We will proactively pursue our activities toward elimination and reduction of the ecological burdens by effective application of resources as well as by appropriate control of chemical substances throughout the life of our products, from their development through disposal. (“Policy on Environment”)
5. We will perform all our afore-mentioned activities in appropriate manners through compliance not only with Laws & Regulations for Labor & Health and for relevant Laws, Rules & Regulations on Wastes, Chemical Substances and Export Controls, but also with Social Common Sense and Ethics. (“Policy on CSR”)
